

U-1490 USB 3.0 to VGA Adapter
Ordering Code: U-1490
Part No: U3-D11-V110-11-00012
DoorNet Tech P/N: 772512

This USB 3.0 to VGA Adapter turns an available USB 3.0 port into a VGA output, with high resolution video support – a convenient external video solution that makes it easy to add multi-monitor capability to a USB 3.0-enabled desktop or laptop computer (optimal performance from USB 3.0, backward compatible with USB 2.0).

Leveraging the high-bandwidth (5Gbps) Super-Speed USB 3.0 interface, the adapter functions as an external graphics card to deliver smooth, high-definition content to your VGA display. The adapter can be used to mirror your primary desktop, showing the same image on each display, or to extend your desktop to double your workspace and increase your productivity.
