IU-140 USB 3.0 7-Port Industrial Hub
Ordering Code: IU-140
Part No: U3-V20-UH70-11-00012
DoorNet Tech P/N: 772560

IU-140 Industrial USB 3.0 Hub offers a simple way to expand a system's current USB capability by providing 7 additional external USB 3.0 ports from a single USB 3.0 host connection, with speeds up to 5 Gbps.

Fully compliant with the SuperSpeed USB 3.0 specification, IU-140 is backward compatible with USB 2.0 and 1.x specifications for simultaneous support for older USB peripherals.

Features:

SuperSpeed USB 3.0 compliant, supporting for 5Gbps bandwidth
Backward compatible with USB 2.0 and 1.x specification and devices
Support screw locked USB 3.0 cable on all upstream and downstream USB ports
All-metal chassis
20K ESD protection on all signal and power pins of all upstream, downstream and power input ports
Fuse protection on all upstream, downstream and power input ports
Support additional DIN rail mounting bracket
Reversible power input polarity
Support Bus-powered and Self-powered modes
Included terminal block for 9 to 40VDC power input for high power devices

System Requirements:

Windows® XP/Vista/7/8/8.1/10 (32/64 bit)
Available USB port (USB 3.0 recommended)

Package Contents

1 x Industrial USB 3.0 Hub
1 x USB 3.0 Cable
1 x Wall Mounting Kit
1 x Terminal block
1 x User Manual

Packing Information:

* Brown Box Packing
* 20pcs. Per carton
* Measurment: 39x35x25 cm
* G.Weight: 11 kg
* N.Weigt: 10.2 kg
